12			99,999,999.00
12			99,999,999.00

As the bids are read, list the Contractor, Surety and Amount of Bid. As bids are opened, the computer will rank them in order from the lowest to the highest. The default bid will be 9,999,999 in order to rank the projects in proper order. If the contractor is disqualified due to omissions or errors in the bid, then enter a "x" in the amount of bid column for that contractor. When finished entering bids hit Ctrl-e to get to the Bidtab. To make adjustments on the above portion hit Ctrl-g from the Bidtab portion.

As the bids are read, list the Contractor, and the amount of bid for each project. The District Engineer will rank them in order from the lowest to the highest. The District Engineer will enter the projects in proper order. If the contractor enters a "x" in the amount of bid column for a project, it will be assumed that the contractor did not bid on the project. To make adjustments on the bid tab, the District Engineer will enter the amount of bid for each project in the Bid Tab.

As the bids are read, list the Contractor, and the amount of bid for each project. The District Engineer will rank them in order from the lowest to the highest. The District Engineer will list the projects in proper order. If the contractor's bid is over the amount of the estimate, enter a "x" in the amount of bid column for that project. The District Engineer will enter the amount to the Bidtab. To make adjustments on the estimate, the District Engineer will enter the amount in the adjustment column.
